# CHOOSE YOUR AGENT

Choosing the real estate agent that you'll be working alongside to sell your home is not a decision to take lightly.

Your agent should have a deep understanding of your goals, your market, and overall be a great match for you and your home.

Credentials, of course, are a plus- but what you can't see behind the numbers are the intangibles of going the extra mile and genuinely caring deeply for clients.

I look forward to the opportunity of earning your business and sharing this life milestone with you and your family.

# PREPARE FOR THE MARKET

## CONSIDER HOME REPAIRS

Buyers gravitate towards a turnkey home that's ready for them to move in. Overlooking necessary repairs and maintenance can be a major turn-off and potentially stall your sale.

Consider high level repairs and upgrades like decluttering and depersonalizing, adding a fresh coat of paint, pressure washing, or sprucing up the curb appeal.

Putting in the leg work now will not only boost the sale price of your home, it will keep the sales process moving quickly once a buyer shows interest.

Use the checklist provided on the next page and walk through your home, room by room, as if you are a buyer. Keep their perspective in mind as you make decisions on repairs.

# HOME PREPARATIONS CHECKLIST

Use this checklist to perform a walk through of your home, room by room as if you are a buyer. Check off what needs to be addressed, and then check off once you've completed the task. Consider hiring a home inspector to assess if anything needs to be repaired.

# STRATEGIC MARKETING

## PRICING YOUR HOME

*Here's something that may surprise you...*

Properties that are priced right from the beginning typically sell for more in the end.

If you price your home too high, the home will stay on the market longer. The longer a home stays on the market, the less it will be shown.

A property attracts the most interest when it is first listed, so it is crucial to price it correctly initially.

It's important to thoroughly evaluate the market to determine the market value of your home.

## WHAT'S THE BIG DEAL ABOUT LISTING PHOTOS & VIDEOS?

The photos of your home directly influence whether or not a potential buyer will schedule a showing of your home or not. It is crucial that we take high quality, attractive photos and videos showcasing the best qualities and features of your home.

Because of this, I work with the top real estate photographers and videographers in the area to capture your home in the very best light at no cost to you.

# STAGED TO SELL

Staging goes beyond mere aesthetics. It's about creating an experience that allows buyers to envision their lives unfolding within the walls of your home.

In a market where first impressions are everything, a well-staged home stands out, inviting and compelling.

Data from the International Association of Home Staging Professionals reveals that staged homes not only sell three to 30 times faster than non-staged ones,

but they also fetch higher prices – often 20% more than expected.

And the best part? The investment in staging usually costs less than the first price drop you might have to make if your home lingers on the market.

It's a smart, strategic move with proven results.

## 83%

83% of buyers' agents said that staging a home made it easier for buyers to visualize the property as their future home.

NATIONAL ASSOCIATION OF REALTORS

## 73%

Professionally staged homes spend 73% less time on the market compared to homes that haven't been staged.

# SHOWING YOUR HOME

It's showing time! Together we'll set parameters on the hours and days we plan to host showings.

Homes show best when the homeowner is not present. If this is not possible, we will work together to create the best experience for the buyer that also fits your lifestyle.

I will provide you with an electronic lockbox to store a set of house keys. Any time this lockbox is opened, I am notified. That means no one is accessing your home without my knowledge.

After each showing I will share any feedback I received from the potential buyers.

Before each showing, follow the checklist on the next page to create the best atmosphere possible for potential buyers.

# HOME SHOWINGS CHECKLIST

- Create a welcoming entrance by sweeping the porch, cleaning the door, and adding a mat or wreath.
- Remove personal items, documents excess furniture, and clutter to create an inviting atmosphere.
- Ensure there are no unpleasant odors; however don't overdo it with air fresheners. Open the windows for fresh air ahead of time.
- Turn on lights and open curtains to invite natural light.
- Close toilet seats and shower curtains. Put out fresh, crisp linens.
- Arrange furniture to create a sense of space and flow in each room.
- Arrange for pets to be taken out of the house during showings, and tidy up any pet-related messes.
- Add fresh flowers or a bowl of fruit to add a welcoming touch.
- Use staging strategies to showcase your home's best features.
- Set the thermostat to a comfortable temperature well before guests arrive.

# THE CLOSING PROCESS

This process begins once we accept an offer on the home. Here are the major milestones to expect:

**Buyer's Due Diligence:** The buyer conducts inspections and any other necessary investigations to ensure the property's condition and value align with their expectations.

**Loan Approval and Appraisal:** The buyer's lender evaluates the property's value to determine if the buyer qualifies for a mortgage. An appraisal ensures the property's value matches or exceeds the agreed-upon purchase price. Depending on the contract, meeting these approvals may be contingencies of the sale.

**Closing Day:** The buyer signs the mortgage documents, pays closing costs, receives keys and takes possession of the property. In Manitoba, it may take up to three weeks to receive proceeds from the sale.
